

STRATA *Flake*

Strata Flake by Robbins is a seamless floor composed of factory blended multi-colored flakes broadcast in a high quality epoxy binder, which is coated with a clear polyaspartic sealcoat, giving the system a highly decorative appearance along with great chemical, stain, and abrasion resistance. In addition, this special polyaspartic sealcoat provides outstanding protection from the discoloring effects of UV exposure. The seamless surface makes Strata Flake easy to maintain and hygienic, resulting in a lower life cycle cost in comparison to other floor surface options. The extensive standard color palette provides a wide range of visual patterns that can match the aesthetics of any building design.

Product Features:

- ⦿ Seamless surface that is easy to clean and maintain
- ⦿ Durable and impermeable
- ⦿ High abrasion and impact resistance
- ⦿ Great chemical resistance
- ⦿ Optional integral base and curbs can be installed without seams or joints
- ⦿ Low VOC
- ⦿ A highly customizable aesthetic multi-colored finish
- ⦿ Variable surface texture to produce a range of slip-resistant finishes
- ⦿ Available in various standard color patterns (see next page), as well as custom color blends

*Also available in STRATA *Fast Track*
