

## STRATA *Deluxe*

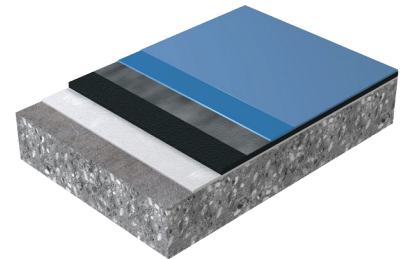

*Strata Deluxe* systems are ergonomic floors specifically designed to increase comfort and lessen fatigue. Strata Deluxe is a fluid applied, seamless, resinous floor system that prevents issues commonly associated with floor seams such as, open seams, moisture migration, and dirt-catch. It is both easy to clean and hygienic with an exceptionally strong polyurethane surface that holds up in areas with heavy traffic. With 18 standard color options to choose from, the attractive UV stable color options provide an aesthetically pleasing appearance, accommodating the design requirements of any space. This specially developed aliphatic topcoat provides excellent abrasion resistance, along with excellent chemical and stain resistance. By virtue of its lasting durability, and its easy restoration procedure, Strata Deluxe offers a lower life-cycle cost compared to the other flooring concepts used in the market today.

## STRATA *Pro*

*Strata Pro* systems bring all the outstanding benefits of the Strata Deluxe systems and pushes the envelope a little farther. By virtue of the prefabricated rubber basemat, STRATA Pro systems are unrivaled when it comes to comfort and provide excellent sound reducing qualities, making it an ideal choice for applications throughout most commercial facilities.

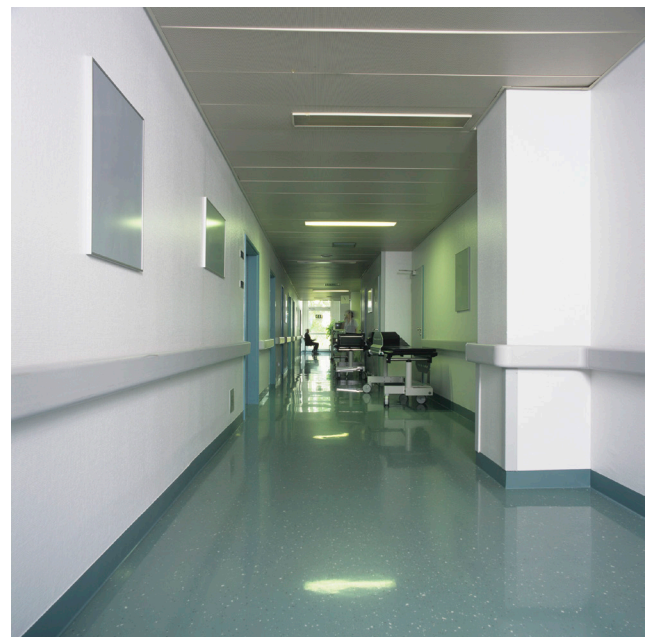

Strata Pro

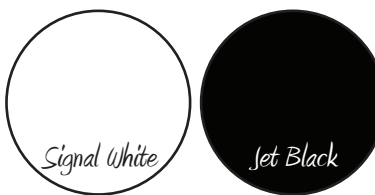

**All Strata Comm PL Systems** are easy to maintain, durable and abrasion resistant, as well as chemical and stain resistant. The specially developed polyurethane topcoat provides lasting beauty, and minimizes the total life-cycle cost of the floor.
